Constellation

All WildAx Motorhomes are fully winterised. The living area is insulated with an advanced compound on all sides and the under-slung water tanks are insulated with the addition of low power heaters for very cold weather.

The WildAx Constellation is a very spacious two berth motorhome designed around a large living area and large kitchen. The long bench seat slides effortlessly into a double bed. You can also select to use the sleeping area as two single beds (up to 6ft 4inch), leaving a walkway through the van at night.

The kitchen is one of the largest in any van of this class with full height cooker, big fridge freezer, slide out storage and worktops with lots of cupboard space.
